

Why UNIQuip?

We are now 40 years into this mission of "Knowing God and Making Him Known." We have multiplied by God's hand through training, evangelism and mercy ministries. Yet we know there is so much more that God is waiting to give us!

What Is UNIQuip?

As YWAM staff, you have the opportunity to spend from one to three weeks gleanings from the teachers and speakers who God used to form what we now call YWAM and the University of the Nations.

What Is Different About UNIQuip?

You can choose your own training experience according to your needs. Whether you are a visionary or an administrator, you will find the proper seminars to help you achieve your goals in ministry.

The ratio of presenter to participant will be small enough so that you have enough personal attention to ensure learning takes place in an interactive, application orientated style of learning. And by the end of each module, you will be able to demonstrate and apply what you have learned!

Daily Schedule

All trainers and participants are asked to take part in all activities, not just modules.

Monday-Thursday 8 am-4:30 pm

8:00 am - We'll start each day with corporate worship, intercession and prayer

9:30 am - Module classes will begin

12:00 pm - Lunch will be served in the Co-Center

1:30 pm - Module classes will begin/resume

3:15 pm - We will close each day with a corporate debrief in order to draw out what God has been saying.

Friday

8:00 am - noon

We'll gather for an extended time of worship, intercession, and prayer for one another over the effectiveness of the individual ministries.

Do you desire to be more effective as a leader and staff?

Would you like to choose seminars that fit your calling?

Would you like to learn from international leaders such as Loren Cunningham, Darlene Cunningham, David Hamilton, Tom Bloomer and others in an informal setting?

Then UNIQuip is for you!
